

Fair Chance transforms the lives of children and youth living in poverty in Washington D.C. by providing selected youth organizations with yearlong intensive support to strengthen and improve their organizational effectiveness, increase their internal capacity and position them for long term sustainability. Fair Chance has partnered with over 40 organizations impacting the lives of over 20,000 children. Thanks to Fair Chance, 93% of the organizations that Fair Chance has worked with are still thriving. In addition, on average, each Fair Chance partner is able to double the number of children they are able to serve and triple the amount of money raised annually.
